AKY TABLE

A collection of imposing dining tables with a regular, rounded top and trestle legs reminiscent of workbenches and the archetypal table. Pleasantly minimal in look, they feature calibrated dimensions, striking textures and a manifest solidity. The colour range comes in different finishes: natural ash, bleached ash, cocoa-stained with an open pore finish, and new colour combinations in pastel shades. The top is in ash-veneered MDF, and the frame in solid ash. The collection includes a square, round and rectangular table.

BRAND

Traba

TrabA' provides a reinterpretation of contemporary design, creating a unique style that does not merely follow in the wake of the latests trends, but offers an authentic way of living each and every space. The chairs and tables of the TrabA' collection arise from a fundamental requisite: to create a calibrated hybridization of tradition, modernity and innovation. The project was designed by emilio nanni for TrabA'. The designer has conducted an in-depth research into the concepts chair and table, reflecting on their archetypes and developing a new form of essentiality for this collection. The result is a series of universal products suited to the domestic and contract furniture markets and particularly suitable for bright and welcoming environments, eager for objects that add a touch of style and prestige, as well as a contemporary look, to private and collective living spaces. The wide range of seats on offer convey a sense of modernity with a twist, combined with a tangible quality reflected in a meticulous attention to detail and finishes, for a range permitting great versatility of use.
