

.015 CHAISE LOUNGE

Design by DESIGN BASAGLIA + ROTA NODARI

A highly sophisticated style for this designer piece, ideal not just for urban spaces but for home outdoor settings too. Combine it with a comfortable eco-leather cushion.

Bent pipe structure, diameter 18mm, made of stainless steel or polyester powder coated steel tube and hot-dip galvanised steel. Ready-equipped for fastening to the ground with bolts or joined together using steel plates.

Urban spaces, large public areas and shopping centres have become integral parts of our living habits: more and more time is spent in these places. Hence the idea of turning them into a domestic environment, as comfortable as possible, where social life can develop in full comfort.

This concept has led Diemmebi to design URBANTIME, the collection for street furniture and large areas.

Zeroquindici.015, completely made of metal, is characterised by a simple round pipe which can be bent and coupled in several ways, thus taking different shapes and allowing countless classical compositions or unconventional ones such as the Sofa.

The product range is designed for outdoor areas however it does not disdain indoor spaces, such as shopping centres, large covered surfaces, lounges, airports, railway stations, bus stations.

As for all the whole production of the company, special attention is devoted to the environment: the line is conceived to be completely recyclable and feature materials that don't need

maintenance.

URBANTIME - OUTDOOR PUBLIC SPACE FURNITURE

URBANTIME produces outdoor furniture designed for public space use, including government precincts, university campuses and civic environments.

The range suits high-traffic outdoor areas where durability, low maintenance and a clean architectural look matter.

URBANTIME is often specified as an alternative to **street furniture** brands, offering benches, seats, tables and public space elements suited to parks, plazas, education settings and government projects.

Ideal for

Government • Universities • Public spaces

Applications

Plazas • Courtyards • Outdoor precincts

Specifier support

Catalogue • Product selection • Quotes

Typical use cases

- University outdoor learning areas and campus courtyards
- Government buildings, civic squares and streetscapes
 - Public parks, libraries and community facilities
 - Transport and public realm waiting areas

If you are comparing options against “street furniture” brands, we can assist with a like-for-like selection and budget alignment.

BRAND

Urbantime

URBANTIME is a registered trademark of the DIEMMEBI company, which for more than 30 years has been devoted to bringing Italian style to the [furnishings of environments open to the public](#): schools, conference rooms, airports, hospitals. URBANTIME is a brand created to bring the same quality, passion and style to outdoor public spaces: parks, streets, bike paths, swimming pools, hotels. Over the years, this sensibility has grown, so much so that a showcase has become a true brand able to offer innovative and timely solutions to the growing demands of the market. The time we spend in urban public spaces and outdoors in general deserves the same attention and quality as the time we spend in our homes. For this reason Urbantime, literally urban time, was born. URBANTIME is the collection of furniture created to make these moments of each of our lives comfortable: when we wait for the train, when we enjoy an ice cream in the shade of a tree in a deserted square, when we allow ourselves a minute of recovery before the next training block along a bike path. Each product is the result of a chain of "minds" passionately dedicated to the same mission. The minds of those who thought them up join those who support or engineer them, those who produce them, those who tell them, those who promote and then install them, and finally those who use them.
