

BERNÚ AERO POLY

Bold. Vivid. Practical.

Bernù Poly delivers the high style and performance of Bernù Aero combined with the practical touch of a polyurethane surface that's easy to maintain. With anti-microbial properties and durable construction, Bernù Poly is the ideal choice for hospital waiting areas. Bernù Poly is available in a wide variety of colours.

It's comfortable but not upholstered—just a smooth surface that makes good sense.

PRODUCT DESCRIPTION

BERNÙ AERO BY ARCONAS - PREMIUM AIRPORT BEAM SEATING

The **Bernù Aero** is a modular **airport beam seating system** engineered for high-traffic terminals and public transport environments.

Designed and manufactured by Arconas, it delivers long-term durability, integrated power solutions and flexible configuration options for international airports.

Specified across global aviation projects, Bernù Aero is suited to departure lounges, gate areas, check-in halls and transport waiting zones where **passenger comfort, durability** and **maintenance efficiency** are critical.
