TIMBER TABLE TOPS — KEY DETAILS

Made for Hospitality

Built for cafés, restaurants, clubs, pubs and workplace dining areas.

- Commercial-grade finishing options
 - High-traffic durability
- Suitable for repeat cleaning

Sizes & Shapes

Choose standard sizes or specify custom dimensions.

- Round, square and rectangle tops
 - Custom lengths and widths
- Project-specific sizing available

Edges & Finishes

Select the look and feel that suits your project.

- Square, pencil-round and shark nose edges
 - Clear coat or stain finishes
- Commercial sheen options available

Quick note: Timber will expand and contract with seasonal humidity. This is normal for solid timber products and is factored into how tops are manufactured and fixed to bases.

TECHNICAL SPECIFICATIONS

Construction

Solid timber or timber veneer, depending on range

Thickness Options

Multiple thicknesses available

Standard Sizes

Common hospitality sizes available

Custom Sizes

Made to order for fit-outs

Use

Indoor commercial and residential, unless stated otherwise

Lead Time

Varies by size, finish and production schedule

[Care & Maintenance](#)

Keep your timber top looking its best with simple day-to-day care.

- Wipe spills promptly with a damp cloth
- Avoid harsh chemicals, abrasive pads and bleach
 - Use coasters and placemats in high-use areas
- Keep away from direct heat sources where possible

[Solid Timber vs Veneer — What's the Difference?](#)

Solid timber can offer deeper grain character and may be refinished over time.

Timber veneer offers a more consistent look and can be a smart choice for larger quantities and certain project timelines.

- Solid timber: natural variation and strong character
- Veneer: consistent appearance across multiple tops
 - Both: available with commercial-grade finishes

[Commercial Performance](#)

- Suitable for hospitality dining environments
- Commercial topcoats available for repeat cleaning
- Edge detailing helps reduce day-to-day impact wear
- Base selection matters for stability on larger top sizes

[Sustainability](#)

Certification options can be supplied for projects where required.

PEFC – Programme for Endorsement of Forest Certification Schemes

PEFC™/21-31-233

AFS – Australian Forestry Standard

AFS/01-31-233

FSC – Forest Stewardship Council Certification

FSC® C113479

EDGE PROFILE OPTIONS

Edge details change the overall look and help with day-to-day wear. Ask for a recommendation based on your venue type and table size.

Square

Clean lines and a modern look.

Pencil-round

A softer profile and a strong all-round option.

Shark nose

A more refined edge with a premium feel.

TIMBER TABLE TOP FAQs

Can I order custom sizes?

Yes. Most timber tops can be made to suit your layout. Share your required dimensions and base choice so we can confirm stability and support.

Will timber change over time?

Timber is a natural product. Colour variation, grain character and seasonal movement are normal.

Are timber tops suitable for hospitality venues?

Yes. With the right finish and care, timber tops perform well in cafés and restaurants. We can recommend a finish based on your cleaning routine and expected traffic.

Can you match an existing stain?

In many cases, yes. Provide a reference or sample and we'll advise suitable options.
