

ATLAS BOOTH

The Atlas Booth is a commercial banquette seating system designed for restaurants, cafés and hospitality venues across Australia, designed to bring sleek character into the modern space.

A half-circle backrest provides a cloud-like feeling of comfort and its rounded contour allows a carefully selected upholstery's details to catch the eye. A powder-coated, steel tube frame flows with the curved seat and backrest.

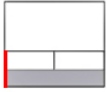

How it works

Create a truly unique interior for your space through our custom booth and banquette manufacturing process, where we will assist you in finding the perfect seating solution. Each design carries specific unit lengths, which can be lengthened and customised to suit any application.

To get started, we'll need to know:

- Your selected **booth style**;
- The intended seating capacity/**configuration** of the space;
- Your personal touches, selected from available **upholstery** and **framing finishes** (see below).

Standard unit dimensions

			
Height	Depth	Unit length	Seat height
890 mm	590 mm	Custom	450 mm

ATLAS BOOTH SEATING FOR HOSPITALITY FIT-OUTS

The **Atlas Booth** is a made-to-order solution for **commercial booth seating** and **banquette seating** in restaurants, cafés, bars, clubs and hotel dining areas across Australia.

It suits wall runs and structured layouts where comfort, durability and a clean architectural line matter.

Atlas is commonly specified for hospitality projects in Melbourne and interstate, with custom sizing and upholstery selections to match table modules, circulation and service flow.

Commercial Specification

- Custom lengths to suit wall dimensions and table centres
- Commercial upholstery options (fabric or vinyl) selected per project
- High-density foam options for comfort and long service life

- Designed for high-traffic hospitality environments
- Suitable for straight runs and corner banquette seating layouts

Used in Real Hospitality Projects

See the Atlas Booth used in hospitality projects across Australia. Each installation is manufactured to suit the venue layout, including wall lengths, table sizing and the preferred upholstery direction.

If you have plans or a sketch, send them through and we can help confirm booth depth, seat height, table spacing and aisle clearances.

ATLAS BOOTH FAQs

Can the Atlas Booth be customised?

Yes. We can tailor the length, upholstery and configuration to suit your layout, table modules and wall conditions.

Is Atlas suitable for high-traffic venues?

Yes. Atlas is designed for commercial durability in busy hospitality environments, with upholstery and foam selections specified to match venue use.

Do you help with layouts and quoting?

Yes. For accurate pricing and lead times, share your wall lengths, preferred configuration (straight or corner), table sizes and target seat count.
