

DREAM BOOTH

The Dream exhibits smooth lines and surfaces, drawing attention to the detailed backrest.

Vertical fluted stitching details the backrest, which softly eclipses the height of the underlying timber-clad framing. Designed to be effortlessly appealing in any range of material finishes with a mindful selection, the Dream is as versatile in configuration as it is in customisation: available as half-circle units or in an elongated form. Unit length is dependent upon the intended size of the accompanying table.

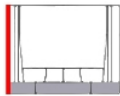

How it works

Create a truly unique interior for your space through our custom booth and banquette manufacturing process, where we will assist you in finding the perfect seating solution. Each design carries specific unit lengths, which can be lengthened and customised to suit any application.

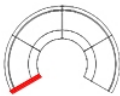

To get started, we'll need to know:

- Your selected **booth style**;
- The intended seating capacity/**configuration** of the space;
- Your personal touches, selected from available **upholstery** and **framing finishes** (see below).

Standard unit dimensions

DREAM BOOTH SEATING FOR HOSPITALITY FIT-OUTS

The **Dream Booth** is a made-to-order solution for **commercial booth seating** and **banquette seating** in restaurants, cafés, bars and hotel dining areas across Australia. It features smooth lines with a **vertical fluted backrest** detail and a refined timber-clad frame, giving it a clean architectural look in both classic and modern interiors.

Dream Booth can be specified as **elongated straight runs** or as **half-circle units** for softer layouts and feature dining zones. Unit length is typically set to suit the intended table size and seating capacity.

Commercial Specification

- Custom lengths to suit wall dimensions and table centres
 - Vertical fluted upholstery detail to backrest
- Commercial upholstery options (fabric or vinyl) selected per project
 - High-density foam options for comfort and long service life
 - Suitable for high-traffic hospitality environments

How to Specify Dream Booth

For quoting and layout support, share your wall lengths, preferred configuration (straight, curved or half-circle), table sizes and target seat count.

We can help confirm booth depth, seat height, aisle clearances and upholstery direction to suit service flow.

Dream Booth is part of our wider [commercial booth seating range](#), including other styles and configurations for hospitality projects.

DREAM BOOTH FAQs

Can Dream Booth be customised?

Yes. Length, upholstery, foam specification and configuration can be tailored to suit your layout and table modules.

Is Dream Booth suitable for busy venues?

Yes. Dream Booth is designed for commercial durability and daily use in hospitality environments, with upholstery selections specified to match site requirements.

Can Dream Booth be supplied as curved or feature seating?

Yes. Dream Booth can be specified as half-circle units or in elongated runs, depending on the dining layout and the table size.

BUILT WITH STRUCTURAL PLYWOOD FRAMING

Our commercial booth seating is constructed using structural-grade plywood framing, engineered for hospitality environments where durability matters.

Frames are built for long-term stability in restaurants, cafés, clubs and hotel dining spaces.

- Structural plywood construction
- Custom lengths & configurations
- Manufactured locally in Melbourne
 - Typical lead time: 5-6 weeks

COMMERCIAL-GRADE SEATING FOAM

We use premium-grade foam supplied by [Dunlop Foams](#), one of Australia's leading manufacturers.

High-density commercial foam supports long-term shape retention, comfort and durability in high-traffic venues.

- High-density commercial foam
- Suitable for high-traffic venues
- Designed for long-term performance
- Manufactured to commercial seating standards
