

RICKET BOOTH

The Ricket is a robust seating configuration designed specifically for exterior use, either undercover or in the open.

The beautiful characteristics of the slatted Australian timbers shine through, perfectly complementing an alfresco placement. Choose from ethically-sourced Australian blackbutt or merbau timbers, oiled for outdoors. Can be configured linearly or in a back-to-back style.

How it works

Create a truly unique interior for your space through our custom booth and banquette manufacturing process, where we will assist you in finding the perfect seating solution. Each design carries specific unit lengths, which can be lengthened and customised to suit any application.

To get started, we'll need to know:

- Your selected **booth style**;
- The intended seating capacity/**configuration** of the space;
- Your personal touches, selected from available **upholstery** and **framing finishes** (see below).
