

WEST END STRAIGHT BOOTH

West End exudes rich character and sophistication through its linear arrangement of details and materials.

Its signature backrest ribbing has the option to continue through into the seat before trailing down the cushion front, allowing it to break up a space with intricate detail in its straight style when pressed against walls. The wooden framing can be stained for complex combinations of timber characteristics and fabric textures or trimmed with metallic brass. Available with closed design with a kicker as standard, or open legs as option.

How it works

Create a truly unique interior for your space through our custom booth and banquette manufacturing process, where we will assist you in finding the perfect seating solution. Each design carries specific unit lengths, which can be lengthened and customised to suit any application.

To get started, we'll need to know:

- Your selected **booth style**;
- The intended seating capacity/**configuration** of the space;
- Your personal touches, selected from available **upholstery** and **framing finishes** (see below).

Standard unit dimensions

Height
950 mm

COMMERCIAL BOOTH & BANQUETTE SEATING FOR HOSPITALITY FIT-OUTS

The **West End Straight Booth** is a made-to-order solution for **commercial booth seating** and **banquette seating** in restaurants, cafés, bars, clubs and hotel dining spaces. Its straight profile suits long wall runs and structured layouts where consistent lines and durability are essential.

Designed for high-traffic hospitality venues, West End combines upholstered comfort with robust framing suitable for daily commercial use.

This style of **restaurant booth seating** maximises floor efficiency while maintaining clean circulation for staff and guests.

Options & Finishes

- Ribbed backrest detail with optional continuation into seat base
 - Closed plinth base with kicker (standard) or open leg option
 - Timber stain selections to suit interior schemes
 - Optional brass trim detail
- Commercial upholstery fabrics and vinyls for high-use environments

Custom Manufacturing

Each West End installation is manufactured to suit exact wall lengths, table centres and upholstery direction.

Booths can be configured in straight runs, corner layouts or continuous banquette seating depending on site requirements.

We regularly supply booth seating for hospitality projects across Melbourne and Australia, working alongside architects, designers and venue operators.

Project Support & Quoting

We assist with layout planning, seating capacity optimisation, upholstery selection and framing finishes.

For accurate pricing and lead times, provide:

- Total wall length
- Preferred configuration (straight, L-shape or U-shape)
 - Table sizes and aisle clearances
 - Target seat count

FREQUENTLY ASKED QUESTIONS

What is the typical lead time?

Our standard manufacturing lead time is 5-6 weeks depending on configuration and fabric availability.

Can I choose custom lengths?

Yes. Booth seating is manufactured to suit your layout, including straight runs, corners and wall-to-wall installations.

What foam is used?

We use high-density commercial foam supplied by Dunlop Foams, designed for long-term durability in hospitality environments.

Can I select my own fabric?

Yes. Choose from Instyle, Warwick, Wortley, Kvadrat, Maharam and Laine. Samples can be arranged on request.
