

EDITH STOOL IMB

The collaboration between Trabà and the designer Massimo Broglio continue: this year he proposes for Trabà an evolution of Edith: the beech and ash chair soar and its legs with circular section are thinner to the ends, the backrest reduce and the seat bends slightly. Many different shades of colour and with various types of padding and features simple and understated Scandinavian styling, making Edith the ideal chair for both home environments, for example around the peninsula in the kitchen, and large public projects.

DESCRIPTION:

Beech or ash structure, padded plywood seat.

BRAND

Traba

TrabA' provides a reinterpretation of contemporary design, creating a unique style that does not merely follow in the wake of the latests trends, but offers an authentic way of living each and every space. The [chairs and tables](#) of the TrabA' collection arise from a fundamental requisite: to create a calibrated hybridization of tradition, modernity and innovation. The project was designed by emilio nanni for TrabA'. The designer has conducted an in-depth research into the concepts chair and table, reflecting on their archetypes and developing a new form of essentiality for this collection. The result is a series of universal products suited to the domestic and contract furniture markets and particularly suitable for bright and welcoming environments, eager for objects that add a touch of style and prestige, as well as a contemporary look, to private and collective living spaces. The wide range of seats on offer convey a sense of modernity with a twist, combined with a tangible quality reflected in a meticulous attention to detail and finishes, for a range permitting great versatility of use.

The logo for TrabA' is displayed in a bold, black, sans-serif font. The letters 'trab' are in lowercase, and the 'A' is in uppercase. A small registered trademark symbol (®) is located to the upper right of the 'A'.
