

ESPLANADE TABLE

Classic and architectural, the Norock Esplanade self-stabilising table base exemplifies prestige. Elegant, established and confident, the Esplanade is suited to the sophisticated dining experience.

With a special anodine coating offering great corrosion resistance and a high-quality powder coat, ESPLANADE is suitable for both indoor and outdoor applications.

Self-stabilising table base – Norock’s award-winning bases use a simple mechanical system with four pivoting legs that are interconnected in such a way that they must reach an average weight loading on all four feet. When a table is placed on an uneven surface the feet will move until all four feet reach a state of equilibrium or more simply, a state of stability.

Material : Aluminium Powdercoat – Metallic Silver, Sandstone Black, Rust, Antique Bronze, White
*Maximum recommended table top – 860mm
