

HOPPER PICNIC

The **Hopper Picnic** is a commercial outdoor picnic table designed for public spaces, beer gardens, courtyards and campus settings. It uses a **bent-leg design** that removes the awkward step-over found on classic picnic tables, so guests can sit down and stand up with ease.

The attached benches keep the setting tidy and consistent across high-traffic areas. Choose an **all-aluminium top** for low upkeep, or a **slatted pine timber top** for a warmer look (timber requires ongoing maintenance).

Legs come ready with **ground-fixing flanges** for secure installation in public environments.
