

## JUMP LITTLE TABLE

Oval or round tops can be made of HPL, marble or glass ceramic and can be combined with different bases, depending on their shape and size. Jump Little Table is also available in an outdoor version that brings practicality, style and colour to the garden or poolside.

## BRAND

### Traba

TrabA' provides a reinterpretation of contemporary design, creating a unique style that does not merely follow in the wake of the latests trends, but offers an authentic way of living each and every space. The [chairs and tables](#) of the TrabA' collection arise from a fundamental requisite: to create a calibrated hybridization of tradition, modernity and innovation. The project was designed by emilio nanni for TrabA'. The designer has conducted an in-depth research into the concepts chair and table, reflecting on their archetypes and developing a new form of essentiality for this collection. The result is a series of universal products suited to the domestic and contract furniture markets and particularly suitable for bright and welcoming environments, eager for objects that add a touch of style and prestige, as well as a contemporary look, to private and collective living spaces. The wide range of seats on offer convey a sense of modernity with a twist, combined with a tangible quality reflected in a meticulous attention to detail and finishes, for a range permitting great versatility of use.

The logo for TrabA' is displayed in a bold, black, sans-serif font. The letters 'trab' are lowercase, and the 'A' is uppercase. A small, stylized mark resembling a checkmark or a stylized '4' is positioned to the right of the 'A'.
