

KON

OVERVIEW

The iconic **Kon** table base is introduced in all-metal, highlighting its essential and minimal form. Made from steel and powder-coated in silk grey, pure orange or jet black, Kon has a clean sculptural look that suits a wide range of commercial interiors.

Available in low, dining and bar heights, Kon works well across cafés, restaurants, breakout spaces, workplace settings and hospitality venues. It pairs with MDF, timber and compact laminate tops for a practical and flexible specification.

KEY FEATURES

- Commercial table base with a minimal sculptural form
 - Steel construction
 - Powder-coated finish
- Available in silk grey, pure orange and jet black
 - Suitable for low, dining and bar settings
 - Designed for hospitality and workplace use

OPTIONS

Height Option	Base Height	Base Width	Supports Top Size
Low Table	450 mm	480 mm Ø	900 mm Ø

Height Option	Base Height	Base Width	Supports Top Size
Dining Table	720 mm	480 mm Ø	900 mm Ø
Bar Table	1020 mm	480 mm Ø	900 mm Ø

Height refers to the base only and does not include the table top.

COMPATIBLE TABLE TOPS

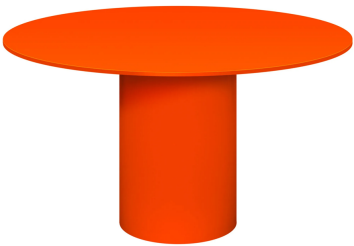

- MDF
- Timber
- Compact laminate

APPLICATIONS

Suitable for cafés, restaurants, hotel spaces, workplace breakout areas and other commercial interiors requiring a durable table base with a refined, minimal look.

INTEGRATION WITH POWER

Add **integrated power and USB charging** to meeting tables, boardroom tables, breakout tables and collaborative workstations.
Built-in power reduces loose leads, keeps devices charged, and supports modern workplace fit-outs.

- Cleaner cable management
- Better user experience
- Ideal for meetings + hot desks
- Options: GPO + USB-A/USB-C
- Match colours to your base

Spec tip: Share your table size, top material, and where power needs to sit (centre or edge) and we'll confirm the best module and cut-out.

Choosing the Right Power Module for Your Table

Integrated power works best when you match the module to your table use. Boardrooms often need more GPO outlets for laptops, while breakout and collaboration tables benefit from a mix of **USB charging** and power points. We can help confirm placement, cut-outs, and cable paths so the table stays neat and easy to use.

Best for: meeting rooms, boardrooms, breakout areas, shared work tables

Placement: centre-of-table or user edge, based on seating layout

Top type: confirm timber, compact laminate, stone or other surfaces

Access: plan cable entry, under-table trays and floor boxes

POWER INTEGRATION FAQs

[Ask a question](#)

Can you add power to any table top?

In most cases, yes. The best option depends on the top material, thickness, and where the cut-out can sit without affecting structure.

Share your table top and we'll confirm the correct module and placement.

What is the difference between a dock and a pop-up module?

Docks sit flush or proud on the surface and suit high-use commercial spaces. Pop-up modules can be closed when not in use, which suits meeting tables where you want a cleaner look between sessions.

Where should table power be placed?

Most meeting tables suit centred power. Some layouts work better with power closer to the user edge.

Tell us seat count, table length, and chair positions and we'll recommend placement.

Do you help with cable management?

Yes. We can advise on cable entry points, under-table trays, and routing to floor boxes so the installation stays tidy.

PAIRING IDEAS FOR TABLE BASES & FRAMES

Table bases and frames are the foundation of a stable café or restaurant table. Match the base footprint, height and weight rating to your chosen table top and venue traffic. For commercial use, stability, fixing points and leg clearance matter as much as finish selection.

Stability & wobble control

Leg clearance

Top size matching

Indoor & outdoor suitability

Coastal recommendations

Powder coat finish options

Choosing the Right Commercial Table Base

Hospitality table bases need to handle daily movement, frequent cleaning and high turnover. When pairing bases with timber, compact laminate or other table top materials, confirm the top size, weight and fixing method. For larger tops, choose a heavier base, a wider stance, or a frame system to reduce movement and improve long-term performance.

Best for: cafés, restaurants, bars, food courts, workplace dining

Key checks: footprint, height, weight, fixing points

Large tops: wider base or heavier frame recommended

Materials: steel, aluminium and cast options (range dependent)

Finishes: powder coat options to suit your interior

Floor type: glides and levellers help on uneven surfaces

✓

Ask us about suitability: indoor, outdoor and coastal applications. Share your venue location, cleaning routine and exposure (salt, rain, sun) and we'll recommend the best base material and

finish.

[Check suitability](#)

Indoor, Outdoor & Coastal Base Selection

Base selection changes with exposure and cleaning. Outdoor and coastal venues often need higher corrosion resistance, better drainage and finishes that stand up to frequent wash-down.

If you share your site conditions, we can confirm the most suitable base and frame options.

Indoor: focus on leg clearance, footprint and finish matching for your interior palette.

Outdoor: prioritise weather exposure, ease of cleaning and stable bases for wind and foot traffic.

Coastal: prioritise corrosion resistance and the right finish system for salt exposure.

Care & Maintenance for Table Bases

Simple care keeps bases looking consistent and improves lifespan in high-traffic hospitality environments.

Daily wipe-down: use a soft cloth and mild detergent.

Avoid: abrasive pads and harsh solvents that can dull finishes.

Levelling: check glides and levellers to prevent wobble over time.

Outdoor: rinse off dirt and salt build-up where applicable.

Timber Table Tops

Made in-house

Australian-made timber tops with adjustable sizing and stain options. A good choice when you want natural grain and a premium feel.

Table Base & Frame FAQs

Answers to common questions about stability, sizing and suitability for hospitality venues.

How do I stop tables wobbling in a café or restaurant?

Choose a base with a suitable footprint and weight for your top size, and use levellers or glides for uneven floors. Larger tops usually need wider or heavier bases.

How do I choose the right base for my table top size?

Match the base footprint to the top dimensions and expected traffic. As top size increases, stability becomes more dependent on base stance and overall weight.

Are these table bases suitable for outdoor use?

Some bases suit outdoor areas depending on material and finish. Share your exposure conditions and we'll recommend suitable options for your application.

What should I consider for coastal venues?

Coastal sites often require higher corrosion resistance and the right finish system due to salt exposure. Tell us your location and cleaning routine and we'll confirm the best option.

Do I need a frame system instead of a single pedestal base?

Frame systems can improve stability for larger or shared tops, and can suit banquette or wall-side layouts. If you share your layout, we can advise on the most stable approach.

Can you help match powder coat colours to our interior?

Yes. If you share your finishes or reference colours, we can recommend powder coat options that suit your space and usage conditions.

BRAND

FORMLINE Studio

At the heart of our offerings lies the fusion of luxury and accessibility through our 'FORMLINE Studio'.

This specialized line showcases a curated selection of meticulously crafted furniture pieces, embodying the quintessential Italian style while being accessible to a broader audience. Driven by a passion for design excellence, each item within our FORMLINE Studio collection is a testament to our commitment to quality, durability, and aesthetic finesse. Whether you seek the opulence of our high-end Italian furniture or the contemporary allure of our FORMLINE Studio range, every piece is crafted with precision, reflecting unparalleled artistry and innovation. With a dedication to elevating commercial spaces worldwide, we invite you to explore our diverse catalogue, where luxury meets affordability without compromise. Experience the essence of Italian-inspired design with FORMLINE Studio, where every piece tells a story of timeless sophistication and impeccable craftsmanship.
