

LAKENDO NET WRITING TABLE CHAIR

The family of seating laKendo' is designed to offer an adaptable system for multifunctional uses. The wide range of configuration gives the seat a natural versatility for working, community and learning spaces. The innovation in concept guarantees a high level of comfort and ergonomics parameters as well as an essential design that looks carefully to every single detail. The seats are both horizontally and vertically stackable for a rational use of space also in configurations with writing tablet and frame with castors. The option of upholstered seat and back adds extra comfort to the chair, whereas the mesh back acclaims the design. Epoxy-coated or chromed metal frame. Thermo-injected polypropylene seat and back with UV treatment. Flame retardant version available.

BRAND

Diemmebi

Diemmebi started out life as a company manufacturing metal structures for furniture, but over the years, built up its expertise until it began designing its own [chairs](#), [tables](#) and [furnishing accessories](#) for community, urban and household settings. The hallmark features of the products now are their clean lines, practicality, comfort and high safety standards. Diemmebi produces practical furniture elements that go hand in hand with evolving approaches to collective and domestic spaces. The design team works with leading professional designers who guarantee high standards of innovation and design. Diemmebi researches and produces products with innovative content and timeless designs. for the quality, shape and functionality of the products are the cornerstones of Diemmebi's design. Each project and subsequent industrialisation are based on "sustainable products" within our production and industrial supply chain, working with numerous suppliers of Made in Italy. This quality and constant commitment are demonstrated by the international awards that the company has received, such as the Red Dot Design Award, The Good Design Award, the NeoCon Gold Award, the Interzum Award and the ADI Design Index....
