LISA CHAIR (UPHOLSTERED)

The Lisa chairs are inspired by the elegant interiors of the 1950’s and 60’s. The slimline tubular structure envelops and supports the backrest of both the armchairs and chairs, featuring a padded or wooden seat. Lisa fits effortlessly into any contract or household setting thanks to the use of sophisticated finishes and materials.

S•CAB FAQ (Commercial & Outdoor Use)

Is S•CAB suitable for outdoor hospitality areas?

Yes. Many S•CAB collections are designed for outdoor use, including coated metal and technopolymer options.

What finishes are available?

S•CAB provides finishes grouped by material family (steel, coated steel, aluminium, wood, polycarbonate, technopolymer and regenerated technopolymer).

Use the finishes links above to match colours and materials across chairs, stools and tables.

Do you support specification and schedules?

Yes. We can help with selection by area, quantities, lead times and finish coordination for commercial projects.

BRAND

Scab Design

A great capacity of creation and attention to detail inherited from a long tradition make SCAB Design a symbol of **Italian production**. Extraordinary objects, which take shape from the principles of beauty and functionality. Infinite research for the perfection of matter, which has resulted in exclusive recognition by Bayer by granting us a licence to use the Makrolon®, brand name from now on Covestro made with Makrolon. Quality and style for home design and for the indoor and outdoor contract sector. A unique touch, to transform the ideal into the material.
