

LISA CLUB BARSTOOL

Ideal both indoors and outdoors, the main strength of the Lisa Club barstool is versatility. Seat and backrest woven in extruded PVC guarantee lightness and sturdiness, while keeping the informal elegance of the 50s and 60s characteristic of the furnishing accessories of the Lisa collection.

PRODUCT DESCRIPTION

Indoor/outdoor barstool with woven PVC seat and back.

Stackable, practical, and easy to move for venues.

S•CAB Design • Designed by Marcello Ziliani

LISA CLUB BARSTOOL

A light, durable barstool for hospitality spaces, with a woven PVC seat and back and a slim tubular steel frame.

Suitable for indoor and outdoor use.

Why venues choose it

- **Indoor/outdoor:** made for bars, cafés, and terraces.
- **Stackable:** helps with bump-in/out and daily cleaning.
 - **Comfort + airflow:** woven PVC seat and back.
- **Contract-ready frame:** tubular steel with protective coating.

Seat and back are braided/woven in extruded PVC (reinforced), with a powder-coated tubular steel frame.

Dimensions

Overall height**98 cm**

Width**50 cm**

Depth**50 cm**

Seat height**76 cm**

Dimensions shown match the 98 cm version listed on your product page.

Materials & build

- **Seat/back:** woven extruded PVC (reinforced) for lightness and sturdiness.
:contentReference[oaicite:2]{index=2}
- **Frame:** tubular steel (often listed as 16 mm), with protective coating for indoor/outdoor use.
:contentReference[oaicite:3]{index=3}
- **Use:** hospitality and contract settings, including coastal venues and outdoor dining.
:contentReference[oaicite:4]{index=4}

Care (quick guide)

- Wash with mild soap and water, then rinse.
- Avoid harsh solvents and abrasive pads on PVC weave.
- If stored outside long-term, keep stacked stools under cover when possible.

FAQ

Is the Lisa Club Barstool stackable?

Yes. It is listed as stackable, which suits venues that move seating often.
:contentReference[oaicite:5]{index=5}

Can I use it outdoors?

Yes. It is described for indoor/outdoor use, with a coated steel frame and PVC weave.
:contentReference[oaicite:6]{index=6}

What style does it suit?

It has a clean, mid-century feel (often described with a 50s/60s look), so it works in relaxed bars, cafés, and modern coastal venues.

About the brand

S•CAB Studio supports architects and interior designers with product knowledge, technical information and coordinated collections for indoor and outdoor environments. The brand is known for quality, innovation and ongoing research into materials and production.

Need help selecting S•CAB for a hospitality or workplace fit-out?

[Request a quote and lead time.](#)

[S•CAB FAQ \(Commercial & Outdoor Use\)](#)

Is S•CAB suitable for outdoor hospitality areas?

Yes. Many S•CAB collections are designed for outdoor use, including coated metal and technopolymer options.

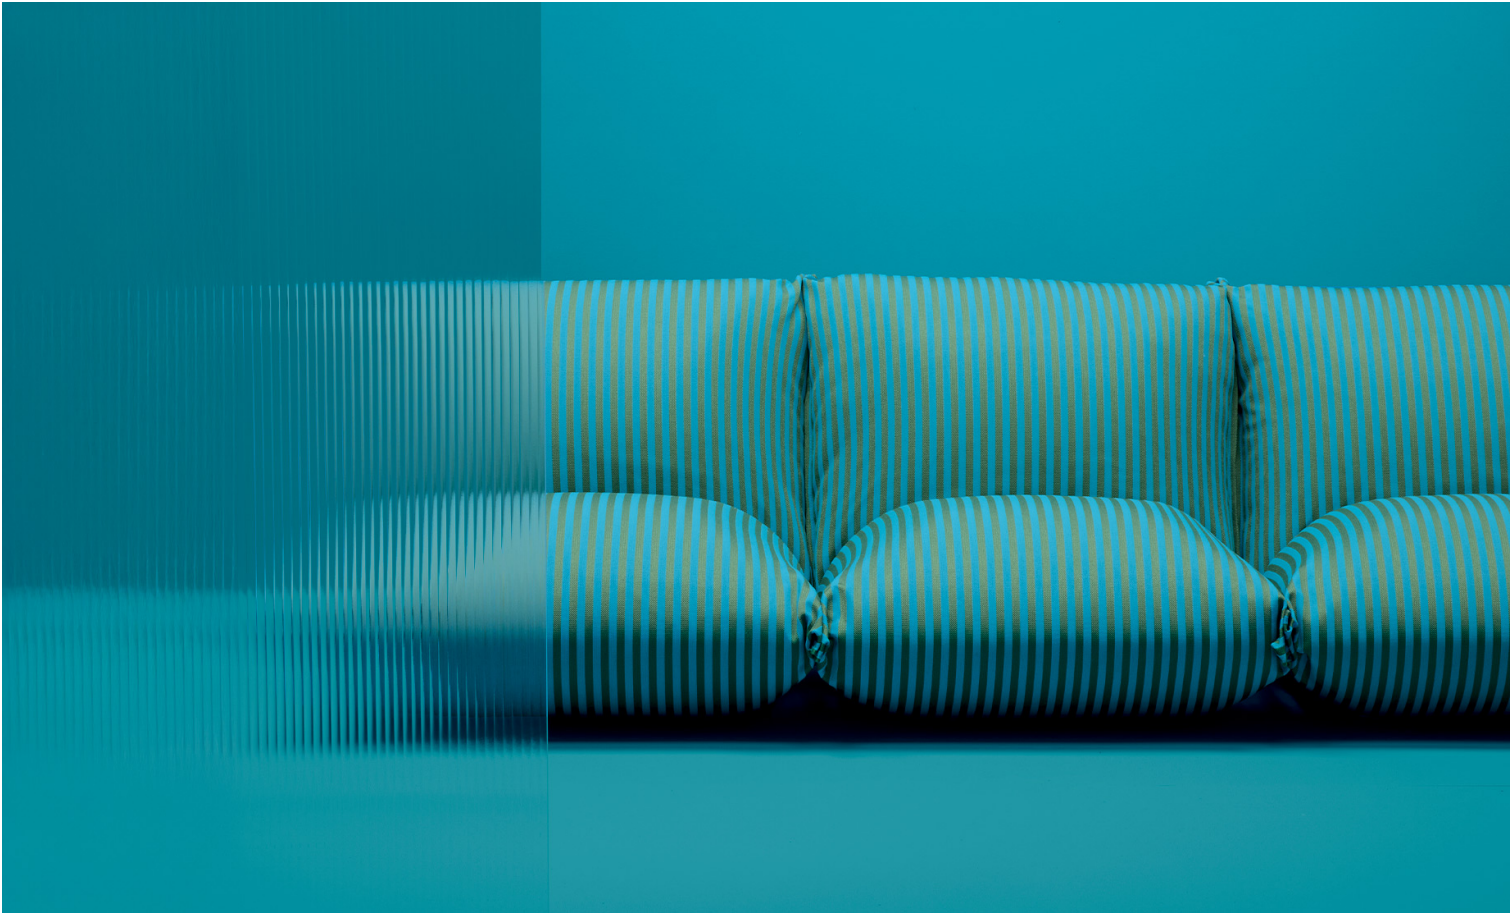

What finishes are available?

S•CAB provides finishes grouped by material family (steel, coated steel, aluminium, wood, polycarbonate, technopolymer and regenerated technopolymer).

Use the finishes links above to match colours and materials across chairs, stools and tables.

Do you support specification and schedules?

Yes. We can help with selection by area, quantities, lead times and finish coordination for commercial projects.
