

## METIS DOT

The collection includes the chair with or without armrest, the lounge version with or without armrest and the stool in two heights. In all its variants, the tubular metal structure is completed by the seat and back in sheet metal with perforated weft and rounded shapes, which reinterpret the classic Viennese weaving in a modern key. Available in all standard and special colors, Metis Dot furnishes indoor and outdoor environments with the unique style that distinguishes it.

### DESCRIPTION:

Chair with tubular structure in painted metal, seat and back in perforated sheet metal. Seat cushion optional. For indoor and outdoor use.

## BRAND

### Traba

TrabA' provides a reinterpretation of contemporary design, creating a unique style that does not merely follow in the wake of the latests trends, but offers an authentic way of living each and every space. The [chairs and tables](#) of the TrabA' collection arise from a fundamental requisite: to create a calibrated hybridization of tradition, modernity and innovation. The project was designed by emilio nanni for TrabA'. The designer has conducted an in-depth research into the concepts chair and table, reflecting on their archetypes and developing a new form of essentiality for this collection. The result is a series of universal products suited to the domestic and contract furniture markets and particularly suitable for bright and welcoming environments, eager for objects that add a touch of style and prestige, as well as a contemporary look, to private and collective living spaces. The wide range of seats on offer convey a sense of modernity with a twist, combined with a tangible quality reflected in a meticulous attention to detail and finishes, for a range permitting great versatility of use.

The logo for TrabA' is displayed in a bold, black, sans-serif font. The word 'trab' is in lowercase, and the 'A' is a stylized uppercase letter. A small registered trademark symbol (®) is located to the upper right of the 'A'.
