

METIS LINE STOOL

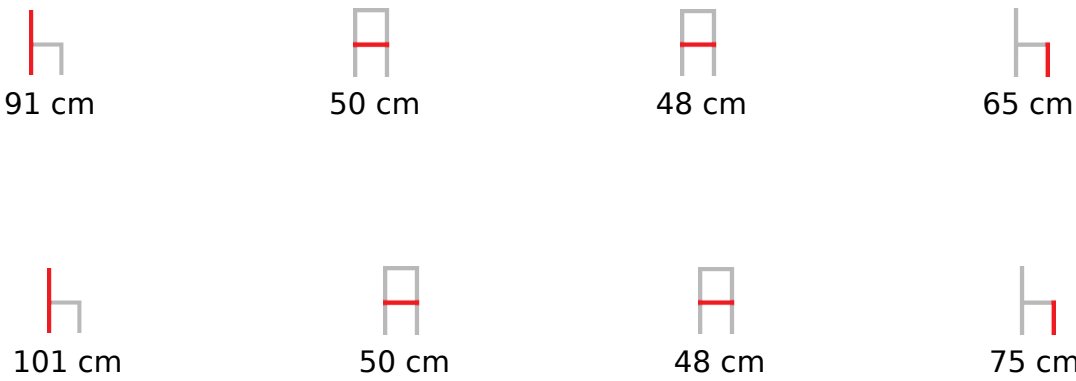

A collection made entirely of metal, with minimalist design and maximum functionality. The backrest and seat of Metis Line feature a wire design with vertical ovals, which sinuously and harmoniously accompany the outline of the frame, adapting to the body to ensure comfort. The chair with or without armrests, the lounge version with or without armrests and the stool in two heights bring ergonomic forms and an infinity of colour options to any indoor or outdoor space.

DESCRIPTION:

Stool with tubular structure in painted metal. Available in two heights and outdoor version. Optional seat cushion.

BRAND

Traba

TrabA' provides a reinterpretation of contemporary design, creating a unique style that does not merely follow in the wake of the latests trends, but offers an authentic way of living each and every space. The [chairs and tables](#) of the TrabA' collection arise from a fundamental requisite: to create a calibrated hybridization of tradition, modernity and innovation. The project was designed by emilio nanni for TrabA'. The designer has conducted an in-depth research into the concepts chair and table, reflecting on their archetypes and developing a new form of essentiality for this collection. The result is a series of universal products suited to the domestic and contract furniture markets and particularly suitable for bright and welcoming environments, eager for objects that add a touch of style and prestige, as well as a contemporary look, to private and collective living spaces. The wide range of seats on offer convey a sense of modernity with a twist, combined with a tangible quality reflected in a meticulous attention to detail and finishes, for a range permitting great versatility of use.

The logo for TrabA' features the word 'trab' in a bold, lowercase, sans-serif font. A vertical line is positioned to the left of the 't'. The letter 'A' is stylized, with a horizontal bar that extends to the right and ends in a small, angled hook.
