PRODUCT DESCRIPTION

KEY FEATURES

Paying Homage to History

Inspired by the 'Padella Romana', a distinctive lighting feature used at the entrances of wealthy Patrician residences to symbolise status during the Roman Empire.

Quality Construction

Made from brushed stainless steel with stainless steel burner insert and toughened glass surround.

Glass Surround

Toughened glass not only enhances the drama of the fire, but also ensures safety.

Trans-seasonal Warmth and Lighting

Dancing flame easily sets the scene and draws people to outdoor areas. Smart, easy to use, makes a stunning statement.

Clean Burning

Fuelled by bioethanol, an environmentally friendly renewable energy. Burns clean, doesn't harm the environment.

Consistent and Reliable

AB3 ethanol burner at its core. Minimalistic design and ability to provide consistent and reliable operation.
