PRODUCT DESCRIPTION

About Place

Place was born out of the collaboration between **Curt Fentress** and **Michael McCoy**.

The **Place public seating** and **beam seating** system blends comfort and practicality with a clean architectural feel. With **integrated power and USB**, optional **tablet arms**, **drink holders** and **under-seat storage**, Place is built for modern waiting environments across **airports, hospitals and law courts**.

View the Place in the Arconas virtual showroom [here](#).

Where Place is specified

- **Airports:** gate lounges, hold rooms, arrivals
- **Hospitals:** outpatient, imaging, main waiting
- **Law courts:** public seating, jury & witness waiting
- **Civic:** transport hubs and government buildings

Place power, drink holder and tablet arm options.

EVERY SEAT, READY FOR WORK AND WAITING

Optional tablet arms add personal space between seats so people can eat, work or rest in comfort — ideal for high-dwell zones in terminals, healthcare and public buildings.

Power options

- AC + USB charging at every seat
- Configurable power locations for rows
- Optional wireless charging in tablet arms

POWER FOR EVERYONE

Passengers can charge laptops, tablets and phones using Place's integrated power units with AC and USB ports — suited to **airport lounges**, **hospital waiting areas** and **public buildings**.

Why it works in public projects

- Modular beam seating configurations
 - Durable materials for high traffic
- Easy maintenance and serviceability
 - Designed for long dwell times

WELCOME TO WIRELESS

Wireless charging can be integrated into the tablet arm for fast, convenient charging

without cables — ideal for airport lounges and public waiting areas.
