

PPE DROP

Expanding the Drop collection, Systemtronic presents the bin with lid Drop Top, which partially hides the waste, and is identified with a vinyl pictogram for its classification into: glass, organic, general, paper or plastic, so that combinations of two or more bins can be made.

Manufactured in galvanized steel and painted with baked lacquered thermoset powder. It includes an inner ring of galvanized steel that holds the bag.

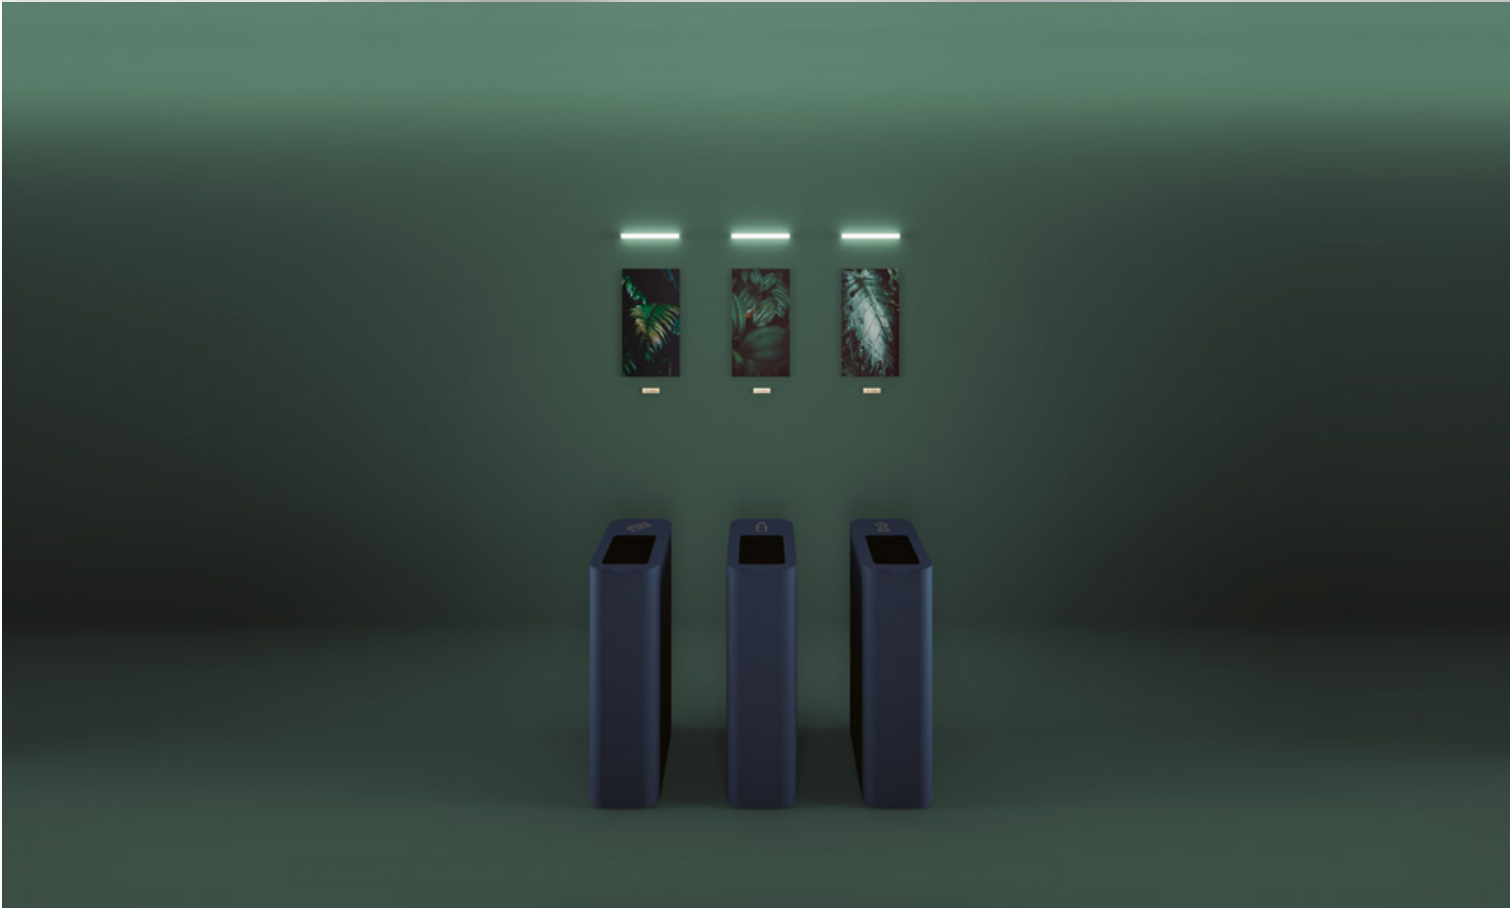

Being the capacity of the bin of 65 liters, we recommend the use of 57x100cm or 70 or 80 liter garbage bags.
