

**RAY TABLE 142**

A collection of dining tables in two shapes, multiple sizes and multiple finishes to fit into all types of domestic or contract spaces and harmonize with the style of the environment. The metal base with an original and dynamic design is composed of spokes of different widths, which at the top bend outwards and open to support the round or "barrel" top with rounded corners. Ray Table is available in ash, oak or heat-treated oak or in glass ceramic, marble or colored HPL.

**DESCRIPTION:**

Table with metal frame and top in wood, HPL, glass ceramic or marble. Also available in outdoor version.

## BRAND

### Traba

TrabA' provides a reinterpretation of contemporary design, creating a unique style that does not merely follow in the wake of the latests trends, but offers an authentic way of living each and every space. The [chairs and tables](#) of the TrabA' collection arise from a fundamental requisite: to create a calibrated hybridization of tradition, modernity and innovation. The project was designed by emilio nanni for TrabA'. The designer has conducted an in-depth research into the concepts chair and table, reflecting on their archetypes and developing a new form of essentiality for this collection. The result is a series of universal products suited to the domestic and contract furniture markets and particularly suitable for bright and welcoming environments, eager for objects that add a touch of style and prestige, as well as a contemporary look, to private and collective living spaces. The wide range of seats on offer convey a sense of modernity with a twist, combined with a tangible quality reflected in a meticulous attention to detail and finishes, for a range permitting great versatility of use.

The logo for TrabA' is displayed in a bold, black, sans-serif font. The letters 'trab' are in lowercase, and the 'A' is in uppercase. A small registered trademark symbol (®) is located to the upper right of the 'A'.
