

T-BONE

T-Bone is the idea behind a design project that aims to enhance the bone structure of the seatings in order to highlight this decorative and distinctive element. As the bones support the body so does the wood structure of our armchair which in a minimal and iconic design becomes the stylistic feature of the project. The structure is not hidden inside the upholstery but is exhibited externally in order to increase the perceived value of the product. The same distinctive element can be found in all the variants of the collection armchair, lounge and sofa.

BRAND

Accento

Proudly made in Italy, Accento secures only the finest materials, capable of fully expressing the values of craftsmanship and creativity of its products. Beech and oak seasoned for the right time in the open air and stabilized in autoclave, high quality fabrics with a full choice of textures and colors.

Upholstery is an art made of patience and experience. The fabric adds a touch of elegance to the wood, dressing the soft padding as a custom fit dress with hand-sewn stitching.
