

VITO STOOL

Stool with painted steel frame, stainless steel footrest and solid ash seat.

Designed by Atelier Studio Borella for Area Declic, VITO traces the concept of a stool thousand uses: work, leisure, community, home. The simple and rigorous design expresses the stool rationality par excellence, with all its usability, robustness and simplicity. VITO is the reinterpretation of a timeless ideal subject for a young and dynamic environment. The stool has metal frame and solid wood seat or lacquered MDF, the stainless steel footrest ring guarantees a good stability and wear resistance while the central screw adjusts the height (65 / 75cm). The industrial style of this stool is perfected by monochrome and color chosen by Declic to meet as many as possible of furnishing concepts.
